

Dear Parent:

Early work experience can help youth people learn skills that are vital for success and happiness. The Harrison Youth Council offers support to eligible registrants so that they may develop good habits and form a set of work values which will eventually become their work ethic – one that will serve them and the community as well.

This parent consent form must be signed by each parent and returned to the YES Coordinator with the student's application.

We look forward to working with your son/daughter.
